EDGER.

The Rev. T. Devitt Talmage says—
"A newspaper whose columns over-
flow with the advertisements of busi-
ness men has more influence in at-
tracting attention to and building up a
city or town than any other agency
that can be employed. People go where
there is business. Capital and labor
will locate where there is enterprising
community. No power on earth is so
strong to build up a town as news-
papers well patronized, and this power
should be appreciated."
